SSA OHO Hearing OFC

Judge Rogozen

For Case 268-68-4276

Dear Judge Rogozen,

I'm faxing you the evidence for my case as I'm doing my due diligence as I'm in the process of going to Federal Court to sue the FBI/DOJ/LAPD and this incident of crimes and abuse committed on me by SSA employees and their accomplices will be included in my lawsuit. It's up to the Judges to determine whether the FBI/DOJ/LAPD is liable or if they want a separate lawsuit against SSA. I have a SSA Disability hearing tomorrow on 3/20/2018 and I have gotten the evidence over to the Office of Inspector General SSA.

I was originally gonna fax this over to Judge Lyman at (408)535-5286 but today I got a call to confirm my hearing for tomorrow and that's when I found out that my hearing was transferred to you. I called last week and left 2 messages for Tristan, Judge Lynman's assistant but he never called me back, so I'm really glad the SSA office calls people to confirm their hearings the day before. Had that not happened, my evidence etc etc would have been faxed to the wrong Judge.

In regards to my case, I asked Gloria, your assistant if there is a form in these types of situations i.e. SSA employees committing crimes on the applicant including false reports. She replied with a no, there is no form, no procedure, no policy, no protocol in regards to this type of scene. So, based on this above, I don't think you can rule on this case cause using known false information as evidence is against the rules of court as well as laws. I also don't think you are in a position to investigate these crimes, you can review it but you can't actually rule cause SSA Employees submitted false information and committed crimes on me, the applicant. My evidence just proves the information is false as well as their crimes. I don't think you have the power to put these people in prison and award my damages. All you can do is either approve or disapprove my disability benefits. And since the information in my disability case is false including the medical exam and psych eval, I think the only thing you can do is dismiss the case in my favor, you can't approve it without real, factual and truthful information including a truthful medical exam and a truthful psych eval.

I won't be at the hearing on 3/20/2018 at 12:30pm due to these set of circumstances above.

The evidence that I emailed to OIG is located at:
